

### SICILY THROUGH THE LENS OF GREGORY HALPERN

Sicily is a land of contrasting contrasts, from ancient ruins to a bustling and a history of cultural influx creating an open harbor way of living unlike anywhere else in the world. We explore the island through the lens of Chicago photographer Gregory Halpern, taking into the ancient ruins and exploring the present. [Read the full story.](#)

Words by Daniel Huxton.

The rugged island in the backwaters, Sicily has gotten the imagination for millennia, a place where Mediterranean civilization meets the rugged beauty of the mountains. It's the island behind the Sicily on paper, mountain peaks, which has been going on since the early 19th century and the island of the mountains in the 19th century. It's the island where some of the most beautiful architecture in the world is to be found.

I met Gregory Halpern in Sicily before he was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island.

His interest began in Sicily in the early 1990s, when he was a student at the University of Chicago. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island.

As the years passed, the images of Sicily that he saw in his mind's eye began to take shape. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island.

With Halpern's camera, the island was captured and left behind to become a piece of art. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island.

The beauty of the island is not just in its architecture, but in its people. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island.

Our visit to Sicily was a chance to see the island through the lens of a professional. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island.

Unfortunately, it is a struggle to get to Sicily, and it is a struggle to get to Sicily. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island. He was born in the US, but he has a special connection to the island.
